Subject: Uber cease and desist

Dear PSC,

Please continue to allow Uber to operate here in SC. Uber operates under safety standards that vastly exceed the state requirements and provides affordable transportation in a state that is desperately lacking in public transportation. Uber rides are not only affordable but also much cleaner than any taxi or bus service I have ever used (in this state or elsewhere). The Uber employees I have experienced are also much friendlier and more polite than the average taxi employee.

Uber provides a service here in SC that has not been matched by any other company/organization and is a valuable asset to our community. SC needs Uber.

Thank you for your consideration,

Brienna Vaught
Columbia, SC

Please allow Uber to operate in SC. It is an incredible service and very trustworthy. I use it in Charlotte weekly and every single driver I have had has been more presentable and professional than the best taxi driver I have ever had.

Please allow uber!

I absolutely want Uber to remain in operation in SC. The customer service is unparalleled & I see rational reason for any public infringement on ridesharing generally. I hope this absurd order is reversed immediately.

Thank You,
John Molony

To whom it may concern

I am writing to express my support for Uber in South Carolina. I believe in freedom. I believe that an unwarranted and immediate shutdown of a company that provides a service to the general public impedes on that freedom. There is also the free market. I will not go through my entire list of reasons why I support Uber in SC at this time, but please note my support going forward.

I'm writing to ask you to allow uber to continue to operate in your state. I rely on uber services when doing business in your state, times are hard enough please don't make us return to the days of expensive unreliable transportation.
